STANDING COMMITTEE ON PLANTS, ANIMALS, FOOD AND FEED

Section *Animal Health & Welfare*

04 FEBRUARY 2015

CIRCABC Link: <https://circabc.europa.eu/w/browse/d36ff9ae-0fd1-41e0-8ee0-8fec085e3c37>

AGENDA

Section A Information and/or discussion

A.01 Information from the Committee and exchange of views on the highly pathogenic avian influenza situation worldwide (MP)

A.02 Information concerning a declaration from Poland of disease free status with regard to koi herpes virus disease (KHV) and spring viraemia in carp (SVC) for the compartment Koi Yoshikigoi Breeder Gospodarstwo Rolne Hodowla Ryb Teresa Driessen (KR)

Declaration of disease freedom as regards KHV and VHS for a compartment in Poland submitted in accordance with Article 50(2) of Directive 2006/88/EC.

A.03 Information concerning a declaration from France of disease free status with regard to infectious haematopoietic necrosis (IHN) and viral haemorrhagic septicaemia (VHS) for a the compartment "la ferme aquacole de Rein" (KR)

France has submitted a declaration of disease free status regarding IHN and VHS for a compartment in accordance with Article 50(2) of Directive 2006/88/EC.

A.04 Update on the Standing Group of Experts on African Swine Fever in the Baltics and Eastern Europe Region (MK/FB)

A.05 On request of Germany information concerning a possible mandate for EFSA on issue of transport and slaughter of pregnant cows (AG)

Germany during the Committee's meeting on 8 April 2014 gave a presentation highlighting the scientific background for such a request. Further discussion with all Member States on issue is desirable.

A.06 Report on the Community Veterinary Emergency Team (CVET) mission on lumpy skin disease in Cyprus (FB)

Report on the 2nd CVET mission on lumpy skin disease in Cyprus.

A.07 Preliminary information on the multiannual work programme for the implementation of veterinary programmes for animal diseases and zoonoses for 2016-2017 (VP)

Preparatory work for the design of the work programme for the implementation of the veterinary programmes for animal diseases and zoonoses is carried out with experts of the Member States in early February of each year in order to give Member States the relevant information to establish eradication and surveillance programmes.

A.08 Information from the EURL for bee health on guidelines for the surveillance of small hive beetle (*Aethina tumida*) infestation (PB/LK)

Following detection of small hive beetle in Italy, the EURL for bee health presents the guidelines as a technical assistance to the Member States' authorities.

Section B **Draft(s) presented for an opinion**

B.01 Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision on the evolution of animal diseases in the Union and in third countries

(B.01_Emergency disease)

Section C **Draft(s) presented for discussion**

C.01 Exchange of views of the Committee on a draft Commission Implementing Decision implementing Directive 2006/88/EC as regards requirements for surveillance and diagnostic methods (KR)

Document SANCO/6084/2009 was presented to the Committee for discussion at the Committee meeting of July 2014. As a result of that discussion a meeting of a technical working group with participants from most of the Member States was arranged in October 2014. The version of the draft which now is presented to the Committee has been revised in accordance with comments and amendments forwarded by the Member States at that technical working group meeting.
