

**CONSOLIDATED LIST OF DANGEROUS AND QUARANTINE ANIMAL
DISEASES**

Republic of Belarus

Animal diseases require quarantine:

Diseases common to different animal species:

Rabies

Brucellosis

Rift valley fever

Anthrax

Foot and mouth disease

Diseases of ruminants:

Bluetongue

Bovine spongiform encephalopathy (BSE)

Contagious bovine pleuropneumonia

Tuberculosis

Rinderpest

Blackleg

Diseases of solipeds:

African horse sickness

Equine influenza

Equine infectious anaemia

Equine encephalomyelitis

Glanders

epizootic lymphangitis

Swine diseases:

African swine fever

Aujeszky's disease

Swine Vesicular Disease

Teschovirus encephalomyelitis

Classical Swine Fever

Diseases of small ruminants:

Contagious caprine pleuropneumonia

Sheep pox and goat pox

Peste des petits ruminants

Diseases of minks:

Viral mink's enteritis

Mink's pseudomonosis

Mink's flu

Diseases of lagomorpha (rabbits)

Rabbit haemorrhagic disease

Myxomatosis

Poultry disease:

Newcastle disease

Duck virus hepatitis

Highly Pathogenic Avian Influenza (HPAI)

Fowl cholera

avian mycoplasmosis,

Avian Influenza

Fish diseases:

Aeromonas infections

branchiomycosis

Spring viraemia of carp

Aerocystitis

Infectious salmon anaemia

trout furunculosis

Republic of Kazakhstan

Animal diseases require quarantine and restrictions:

Diseases common to different animal species:

Rabies
Aujeszky's disease
Brucellosis
Vesicular stomatitis
leucosis,
leptospirosis,
listeriosis
pox
Paratuberculosis
Pasterellosis
Rickettsioses and exotic diseases
Anthrax
Tuberculosis
Toxoplasmosis
Trichophytosis
Tularemia,
Echinococcosis
Foot and Mouth Disease (FMD)

Bovine diseases:

Bovine viral diarrhea
Bovine spongiform encephalopathy
Infectious bovine rhinotracheitis/infectious pustular vulvovaginitis
Bovine genital campylobacteriosis
Nodular dermatitis
Bovine Parainfluenza 3
Rinderpest
Bovine chlamydiosis
Blackleg

Diseases of small ruminants:

Contagious caprine pleuropneumonia
Sheep pox and goat pox
Peste des petits ruminants
Ovine pulmonary adenomatosis
Ovine infectious anaerobic enterotoxemia
Bluetongue
Bradsot
Contagious agalactia
Ovine epididymitis (*Brucella ovis*)
Contagious ectima,
Maedi-visna
Scrapie
Enzootic abortion of ewes (Ovine chlamydiosis)

Peste des petits ruminants

Swine diseases:

African swine fever
Swine Vesicular Disease
Transmissible gastroenteritis
Swine influenza
Classical Swine Fever,
Swine erysipelas,
Teschovirus encephalomyelitis

Poultry disease:

Infectious Bursal Disease (IBD), Gumboro
Marek's disease
Highly Pathogenic Avian Influenza (HPAI),
Avian infectious laryngotracheitis
Avian pox
Ornithosis
Newcastle disease,
Avian micoplasmosis

Diseases of wild game and lagomorph:

Rabbit haemorrhagic disease
Myxomatosis

Fish diseases:

Viral haemorrhagic septicaemia
Opisthorchosis.

Equine diseases:

African horse sickness
Equine influenza
Equine infectious anaemia
Equine encephalomyelitis
Glanders
Epizootic lymphangitis
African horse sickness
Equine influenza
Equine infectious anaemia
Equine rhinopneumonitis
Glanders

Camel diseases:

Camel plaque

Bee diseases:

Ascopherosis
Varroatosis

Russian Federation

Animal diseases require quarantine and restrictions:

Adenomatosis
Aleutian disease of mink
African horse sickness,
African swine fever
Aujeszky's disease
New Castle disease
Swine vesicular disease
Vesicular stomatitis
Viral enteritis
Highly Pathogenic avian Influenza
hypodermatosis in cattle and reindeers
Bovine spongiform encephalopathy (BSE)
Lumpy skin disease
Equine infectious anaemia
Bluetongue
Classical swine fever,
Bovine infectious pleuropneumonia,
Contagious equine metritis,
Rift vallei fever,
Maedi-visna
necrobacteriosis in reindeer
Sheep and goat pox,
Swine Erysipalas ,
Glanders ,
Scrapie
Tripanomosis,
Camel plague
Rinderpest,
Peste des petits ruminants
Febris catarrhalis et nervosa canum
Gangraena emphysematosa bovim,
Teschovirus encephalomyelitis
Encephalomyelitis

Diseases common to different animal species:

Rabies
Brucellosis
Leptospirosis
Leucosis
Listeriosis
Ornitis
Anthrax
Tuberculosis
Foot and Mouth disease

Infectious diseases of all species not detected earlier on the territory of Russian Federation.
