IL - 1, closed

TM- active 7 out of 7 confirmed

Measures applied

- > Specific EU measures in response to PPR
- Commission Implementing Decisions (CID 2024/2119) with amendments
 - Defining size, location and duration of PZ, SZ, FRZ
 - No exit of sheep / goats from the outer perimeter of the FRZ to a destination outside that zone
 - Zones under review in cooperation with EC
- ➤ Adoption of **exceptional national disease control measures** that go beyond the minimum measures required by EU legislation (total ban of movements of sheep and goats for next 30 days)
- > Intensified checks on compliance with biosecurity measures, movement restrictions
- Prohibition of grazing with other herds
- Surveillance Programme Intensified sampling

Legal act on additional measures for the control and eradication of PPR Order 155/143/347/ 05.09.2024

Joint Order with Ministry of Internal Affairs, Ministry of Agriculture and Rural Development

- Measures for the next 30 days:
 - quarantine and testing all small ruminants entering Romania
 - restriction of all small ruminants movements, only with the authorization of the local CA
 - (to slaughterhouse or collection centers)
- > Intensification of police patrol actions
- > Traffic controls (Vets & Police & Jandarms) to identify and discourage illegal movements of sheep/goats and their products

SAU D.S.V.S.A. JUDEŢEANĂ

Other measures

- Awareness campaigns on clinical signs and biosecurity measures
- Meetings on central and local levels with official vets
- Meetings with stakeholders (private vets, sheep and goat breeders and farmers associations)
- National Center for Disease Control Decision from 26.07.2024
- National Expert Group meeting
