

EUROPEAN COMMISSION DIRECTORATE-GENERAL FOR HEALTH AND FOOD SAFETY

Health and food audits and analysis **F3-Plants and organics**

INTERNET EXPLORER

PROCEDURE TO CHANGE SETTINGS FOR EUROPHYT V.5:

Go to Internet Options in Internet Explorer

Click on the General tab

Go to Browsing History

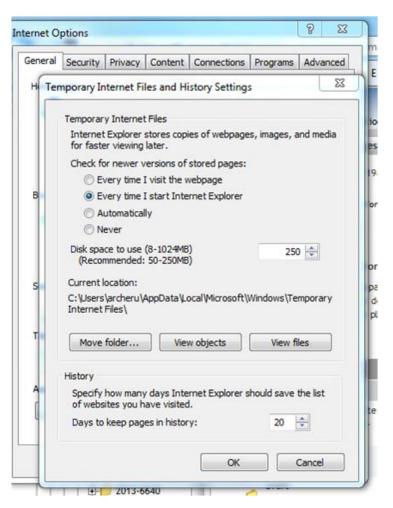

Click on Settings

Click on "Every time I start Explorer"

Click Ok and Ok again

Restart IE browser and log into EUROPHYT again

See Screen Shot below:

- 1. If clear cache doesn't work, user should log out, close browser, open and login again
- 2. The user can try F5 to refresh their browser
- 3. If the above steps do not work, then the user must check the version of their browser to ensure it is not an old version, for example, IE 7 and 8 will always give problems.
- If users are using a new version of IE, as an example (say version 9) and are still having browsing refreshing problem, they should go into Settings and ensure Browser Mode is set the same as the version of browser, using the F12 Developer Tool sub-menu

FIREFOX

PROCEDURE TO CHANGE SETTINGS FOR EUROPHYT V.5:

Go To:

-Tools

-Options

-Click on Privacy

-Set history to "Never remember history"
