PRIVATE SECTOR
ACTION ON FLW

10  X 20  X 30 

WHAT IS THE VISION?

Massively increase private sector contribution to the global goal of reducing food loss and waste by 50% by 2030 by catalyzing efforts “up” the supply chain

WHAT IS IT?

Initiative wherein at least **10** of the world’s largest food retailers and providers follow the “Target-Measure-Act” approach and each engages **20** of their priority suppliers to do the same—thereby halving their food loss and waste by **2030**.

WHY IS IT IMPORTANT?

- Scales “Target-Measure-Act” from 10 to ~200
- Catalyzes the “whole chain” approach, supporting upstream food loss and waste reduction
- Internationally adopted

WHO IS INVOLVED?

AEON, Ahold Delhaize, Carrefour, IKEA Food, Kroger, METRO AG, Migros, Pick n Pay, The Savola Group, Sodexo, Tesco, Walmart... and more to come!
