| SUMMARY REPORT |
|-----------------------|

A.01 General information by third countries.

No item raised.

B.01 Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision on the evolution of animal diseases in third countries.

No item raised.

B.02 Exchange of views and possible technical agreement of the Committee on a draft Commission Implementing Regulation establishing the lists of animals and goods subject to official controls at border control posts.

Withdrawn from the Agenda.

M.01 Information on Newcastle disease situation in the USA.

The Commission informed Member States on the evolution of Newcastle Disease in the USA since May 2018 and indicated that the competent authority of the USA is providing timely information on confirmed outbreaks in poultry. In total 12 outbreaks of the disease have been confirmed in poultry establishments, of which 11 are still ongoing. Particular reference was made to the specific conditions applicable to the USA in relation to the imports of live poultry and poultry commodities following an outbreak of the disease, explained in detail in the communication sent to Member States on 28/9/2018.
