

EU Platform on Food Losses and Food Waste: Taking stock, one year on

EU Platform on Food Losses and Food Waste
Commissioner Andriukaitis
7 November 2017, Brussels

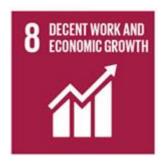

SDG 12.3: By 2030, halve per capita global food waste at the retail and consumer levels and reduce food losses along production and supply chains, including post-harvest losses.

Combatting food waste in the EU

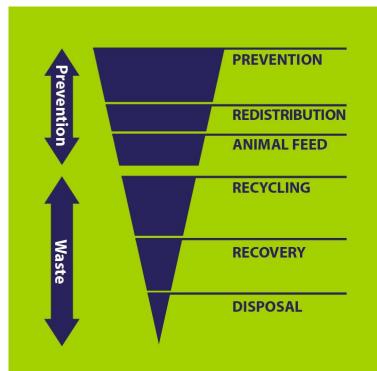

European Parliament resolution of 16 May 2017 on initiative on resource efficiency: reducing food waste, improving food safety

EU Platform dedicated to food waste prevention

EU Platform on Food Losses and Food Waste

We bring together all the actors involved and facilitate their work to prevent food waste & support the paradigm shift towards a circular economy and more sustainable food systems.

Fighting food losses and waste at each stage of the food value chain

Fight Food Waste: No impact on safety of the food and feed chain

- EU Platform on Food Losses and Food Waste
- Measure and monitor food waste
- EU guidelines to facilitate food donation
- Optimise safe use of food in feed
- Promote better understanding and use of date marking

Across the globe, nearly 30% of food is wasted throughout the agrifood supply chain. Around 100 million tonnes of food are wasted annually in the EU (estimate for 2012).

Waste legislation proposal

The proposal reflects commitment to SDG 12.3 and requires MS to:

- reduce food waste at each stage of the food supply chain (including households);
- monitor food waste levels; and
- report back on progress.

European Commission and FAO strengthen collaboration on Food waste, AMR and nutrition

EU food donation guidelines

On World Food Day the European Commission adopted guidelines to facilitate food donation in the EU.

#FoodDonationGuidelines #CircularEconomy #WorldFoodDay

Food waste - we act! #FoodWasteEU

EU guidelines: former food to feed

- Facilitate the safe feed use of former food
- Hindrance due to legal uncertainty and unnecessary administrative burden should be paved away
- Intensive consultation with authorities and stakeholders
- Publication of the guidelines by end 2017

Date marking

"BEST BEFORE"

informs you about

FOOD QUALITY

58% consumers say they always look at date marking when shopping and preparing meals, but less than 1 in 2 understand its meaning.

Thank you
