II

(Non-legislative acts)

REGULATIONS

COMMISSION IMPLEMENTING REGULATION (EU) No 139/2013

of 7 January 2013

laying down animal health conditions for imports of certain birds into the Union and the quarantine conditions thereof

(codification)

(Text with EEA relevance)

Article 6

Approved quarantine facilities and centres

Approved quarantine facilities and centres shall comply with the minimum conditions set out in Annex IV.

Each Member State shall draw up and keep up to date a list of approved quarantine facilities and centres and their approval numbers and make it available to the Commission, to the other Member States and to the public.

Article 17

Notification and reporting requirements

1. Member States shall communicate to the Commission within 24 hours any case of avian influenza or Newcastle disease detected in an approved quarantine facility or centre.

2. Member States shall communicate to the Commission the following information on an annual basis:
 - (a) the number of birds imported via approved quarantine facilities and centres per species and per approved breeding establishment of origin;

 - (b) information regarding the mortality rate for imported birds from the animal health certification procedure in the country of origin to the end of the quarantine period;

 - (c) the number of cases of positive findings of avian influenza, Newcastle disease and *Chlamydophila psittaci* in approved quarantine facilities or centres.

According to the links on our website, the following MSs have approved quarantine facilities under R139/2013:

Code	Member State	MS -Quarantine facility
