European Union Comments on

CL 2020/29/ MAS:

Request for comments on the review of CXS 234:

dairy package and fats and oils package

Mixed Competence

Member States Vote

The European Union and its Member States (EUMS) would like to compliment the EWG led by the United States of America and co-chaired by New Zealand (dairy package) and the Electronic Working Group chaired by the Netherlands (fats and oils package) for their great work in advancing the reviewing and updating of the respective methods. The EUMS suggest discussing the recommendations made by the two EWGs in the physical meeting of the Endorsement Working Group.
