European Union comments on
Codex Circular Letter CL 2010/51-AMR
Draft Guidelines for Risk Analysis of Foodborne
Antimicrobial Resistance

(At Step 8 of the Codex Procedure – for adoption by the 34th Session of the CAC)

*Mixed Competence.
European Union Vote.*

The European Union and its Member States would like to congratulate the Task Force on the completion of this rather complex work and would like to thank the Republic of Korea for the very successfully hosting of the sessions of the Task Force.

The European Union and its Member States strongly support the adoption of the Draft Guidelines for the Risk Analysis of Foodborne Antimicrobial Resistance at Step 8 of the Codex Procedure.
