**Outcome of Step 1:**

Three business operators sent a reply to the step 1 of the call for scientific and technical data on the permitted food additive chlorophylls (E 140(i)), chlorophyllins (E 140(ii)), copper complexes of chlorophylls (E 141(i)) and copper complexes of chlorophyllins (E 141(ii)). The respondents would like that these additives remain permitted in the European Union. Two business operators explicitly mentioned their interest in submitting the requested toxicological data (two business operators) and the data related to the specifications of these additives (one business operator).
