Item Integer	Variable	Constraint	Definition	Description and Particularity	Type	Values
Block 1: General information on the survey programme (scope, geographical and organisational)						
001	Member State	Mandatory		Must be only one of the values from the list or reference given in the "Values" column	Text	ISO 3166-1 Alpha 2 (Member States)
002	Year(s) of survey	Mandatory	The year covered by the application of the reporting	Must be one of the values present in the 'Values' column. Default is 2019.	List element	(2017);(2018); (2019); (2020)

003	Contact person name (must be the authorised national data provider)	Read only	Surname and first name of the contact person in the competent authority (CA) to whom queries about the survey should be directed	Auto-populated from user reference data	Text	To be completed in all the report phases
004	Job type within the competent authority (CA)	Mandatory	Please provide your job title in the competent authority	Free text	Text	Alphanumeric value
005	Organisation name	Read only	Name of the competent authority (CA)	Autopopulated from user reference data	Read only	Read only
006	Telephone number	Read only	Provide a telephone number in case of queries on the data provided	Autopopulated from user reference data	Read only	Read only
007	E-mail	Read only	Provide an email address in case of queries on the data provided	Autopopulated from user reference data	Read only	Read only
008	Scope	Mandatory	General description of survey programme for application year	Free text	Text	Alphanumeric value
071	General overview of the analysis of surveys results recorded	Mandatory	General description of the Survey Programme for the application year	Free text	Text	Alphanumeric value
009	Targets to be attained by the completion date of the programme and	Mandatory	a) description of the main targets set out for the Survey Programme per year (to be represented by Quantitative analysis (tests-samples etc.), b) What are the main benefits of the implementation of the Survey Programme per year (to be represented by Quantitative analysis (tests-samples etc.))	Free text (max. 1000 characters)	Text	Alphanumeric value

	anticipated benefits					
010	Focus areas, priorities and expected benefits	Mandatory	General description of survey programme for application year and expected benefits	Free text	Text	Alphanumeric value
012	Projected total number of pests	Mandatory	Enter number of pests based on the overview for the given year	Whole number (no decimal places)	Numeric	Integer
013	Achievement indicators for describing the targets of the programmes survey programme	Mandatory	Description of the main indicators set out for the Survey Programme per year (to be represented by Quantitative analysis (tests-samples etc.,	Free text	Text	Alphanumeric value
013x	Outcomes, targets attained and benefits of the survey programme (Final report)	Mandatory	Description of the main outcomes, attainment of the indicators set out for the Survey Programme and description of the benefits of the programme (to be represented by Quantitative analysis, pests detected, tests-samples, etc. and free text),	Free text	Text	Alphanumeric value
013xx	National Survey Programme (if applicable)	Mandatory	Description of the National Survey Programme in addition to the one presented for co-financing (if applicable) – pests, activities, survey locations and sites	Free text	Text + uploaded documents	Alphanumeric value + Add a possibility to upload files in all possible formats (word, pdf, maps, etc.)
013bis	Main difficulties with the Surveys	Mandatory	List the main difficulties with the Survey Programme for the application year	Free text	Text	Alphanumeric value

	Programme					
072	Main differences noticed concerning the estimation	Mandatory	Differences between the initial application (estimates) for the Survey Programme and the final results of the implementation of the Survey Programme	Free text	Text	Alphanumeric value
Block 1a (repeatable): Location or administrative areas <i>This is a repeatable block. Use + symbol to add or repeat a block</i>						
014	Name of administrative area or location	Mandatory	The name of the administrative area or location per area implemented in the programme	Free text	Text	Alphanumeric value
014bis	Is this an administrative area or location?	Mandatory for each administrative area or location	Indicate for each name added at 014 whether it is an administrative area or a location	Must be only one of the values present in the 'Values' column.	List element	(administrative area); (location)
018 x	Surveyed area / types of locations (Final report)	Mandatory	Description of the main area / types of locations within each of the surveillance themes	Must be one or more values present in the 'Values' column	List element(s)	Theme 1: Forests and landscape plantations <ul style="list-style-type: none"> • Deciduous forest (broadleaves) • Coniferous forest • Mixed forest • Christmas trees and greenery in forest • Christmas trees and greenery plantations on farmland • Natural forest and untouched forest • Nature • Shelterbelt in
