Genetically Modified Food and Feed

25 APRIL 2018

Chair: Céline Gauer

1. Adoption of the Agenda

The agenda was adopted without amendments.

2. Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision renewing the authorisation for the placing on the market of food and feed produced from genetically modified sugar beet H7-1 (KM-000H71-4) pursuant to Regulation (EC) No 1829/2003 of the European Parliament and of the Council.

SANTE/10163/2018

The Chair introduced the draft Decision renewing the authorisation for the placing on the market of food and feed produced from genetically modified maize sugar beet H7-1 (KM-000H71-4), which was the same as that presented to the Standing Committee on 19 March 2018.

The Chair asked whether any Member State had changed its position or whether Member States had any further comments. No Member State raised questions and therefore the draft was put up for vote.

Vote taken: no opinion

Reasons for the negative vote or abstention:

- No agreed national position
- Negative public opinion
- Political reasons
- Risk assessment deemed not sufficient

The chair informed the members of the Committee that, in accordance with Regulation (EU) No 182/2011, it is now for the Commission to decide on this authorisation.
