### AGENDA

#### **Section B**      **Draft(s) presented for an opinion**

**B.01** Exchange of views and possible opinion of the Committee on a draft Commission Implementing Regulation laying down rules for the application of Regulations (EU) 2016/429, (EU) 2016/1012 and (EU) 2019/6 of the European Parliament and of the Council with regard to the identification and registration of equine animals and establishing model identification documents for those animals. (AEF)

The draft Commission Implementing Regulation will essentially replace Implementing Regulation (EU) 2015/262.

It will become applicable on 21 April 2021 together with the Animal Health Law (Regulation (EU) 2016/429) and Commission Delegated Regulation (EU) 2019/2035. This date of application is also important to provide legal certainty on the issuing of identification documents when Article 8(1) of Directive 90/427/EEC ceases to apply on 21 April 2021 in accordance with Article 64(3) of Regulation (EU) 2016/1012 (Animal Breeding Regulation).

However, following the adoption of Regulation (EU) 2019/6, which will be applicable on 28 January 2022, the part of the proposed Implementing Regulation which will contain the new model identification document should only be applicable as of that date.

(SANTE/7004/2019)
