

PAFF meeting 12 January 2016

Argentina and Brazil

**New areas free of FMD with
vaccination, harmonisation of
regionalisation for fresh meat and
products**

European Commission

ROSGAMT (000 TRG) 6-12

SOUTH AMERICA: OIE Member Countries' official FMD status map

Last update May 2015

-  Member Countries/zones recognised as FMD free without vaccination
-  Member Countries/zones recognised as FMD free with vaccination
-  Countries/zones without an OIE official status for FMD

Argentina EU FMD free status

Regionalisation for both fresh meat and meat products:

AR-1:

North part = FMD free with vaccination (= current AR-1 + AR-3 in reg. 206/2010)

AR-2:

South part (Patagonia) = FMD free without vaccination (= current AR-2 = AR-4 in reg. 206/2010)

Border area will now be included in AR-1 and authorised for export of fresh meat and consequently also products in according to dec. 777/2007

Brazil – changes to be reflected in regulation 206/2010 (fresh meat) and decision 777/2007 (products)

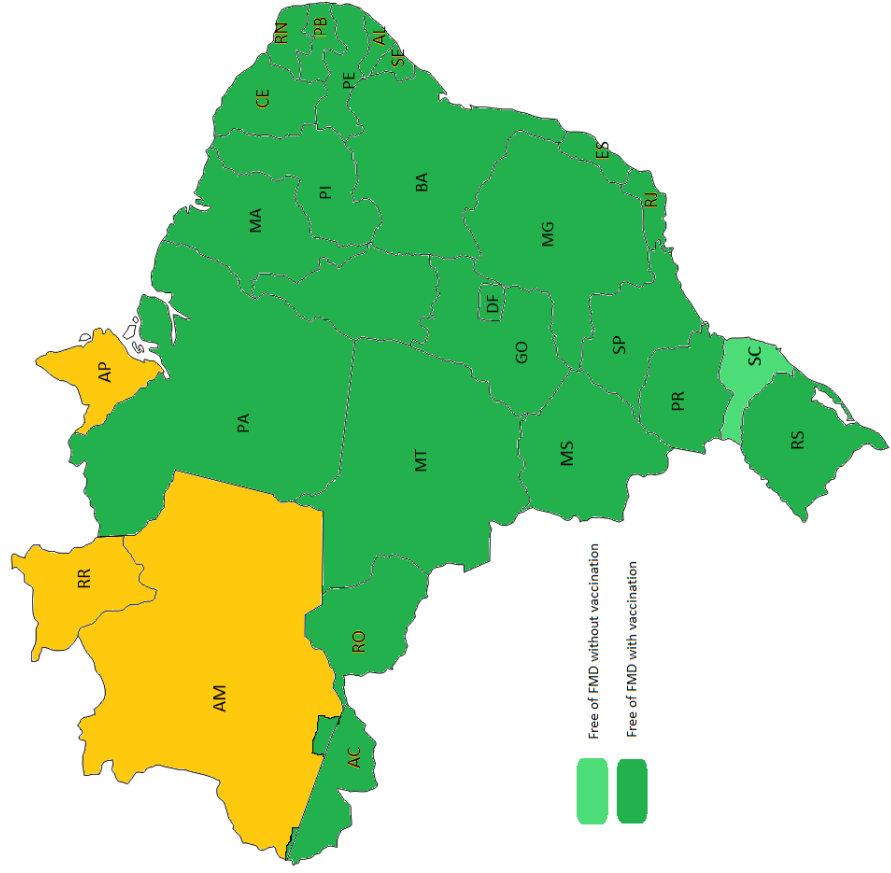

- 1. Border area to Paraguay authorised for export of fresh meat and products*
- 2. Harmonisation of area authorised for export of products of domestic bovines (treatment C) with areas authorised for export of fresh meat (area for product is currently smaller than the area for fresh meat)*
- 3. The area recognised by the OIE as free of FMD with vaccination, but not authorised for export of fresh meat, will be authorised for export of products of domestic bovines with treatment B*

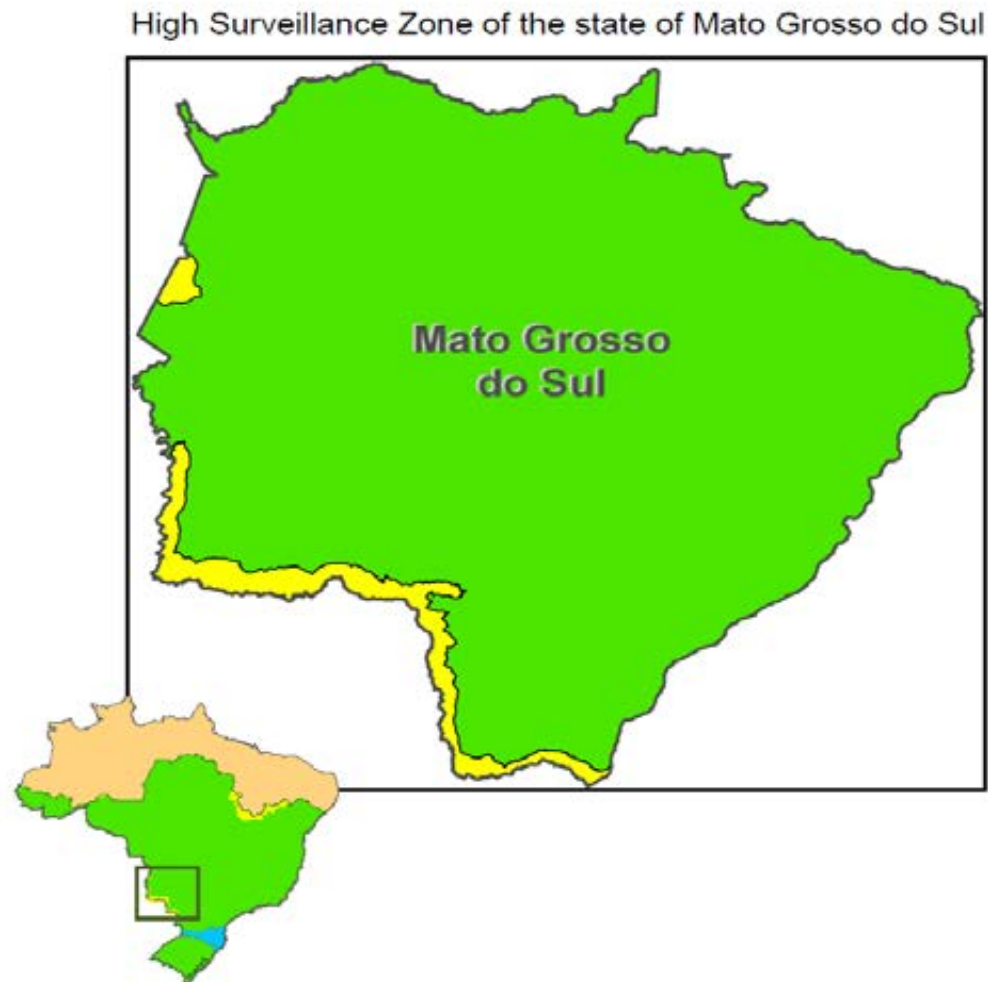

European
Commission

Zones with FMD-free status according to OIE

1: Brazil EU FMD status – border area will now be included in BR-1 and authorised for export of fresh meat

European
Commission

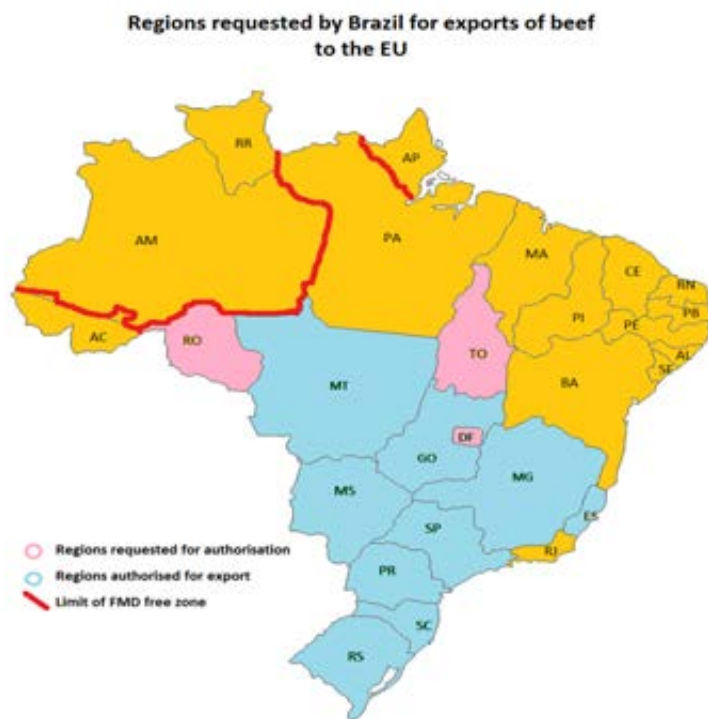

2: Alignment of regionalisation for products of domestic bovine with treatment C and fresh meat

Current area (BR 2) for products of domestic bovines in decision 777/2007

New area (BR-2) in decision 777/2007 will correspond to areas authorised for fresh meat in reg. 206/2010

3: Export of products of domestic bovines with treatment B: New area BR-4 (in 777/2007)= rest of Brazil recognized by the OIE as free of FMD with vaccination = 14 states and the Distrito Federal

BR-4 = pink + yellow areas considered FMD free by the OIE, but not authorized for export of fresh meat to the EU:

Distrito Federal,
States of Acre, Rhondonia, Pará, Tocantins, Meranhão, Piaui, Bahia, Ceará, Rio Grande do Norde, Paraiba, Pemambuco, Alagoas, Sergpie and Rio de Janeiro
