**Section B**     **Draft(s) presented for an opinion**

**B.01**   Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision on the evolution of animal diseases in third countries.

(B.01\_Emergency disease)

**Procedure:** Examination procedure

**B.02**   Exchange of views and possible opinion of the Committee on a draft Commission Recommendation on a coordinated control plan on the official control of certain foods marketed through the Internet. (GS)

To protect consumers in the Union from misleading practices that may result in the consumption of unsafe food, official controls on Internet offers and sales need to be strengthened. The Commission proposes a coordinated control plan which covers food supplements with medicinal claims and four different non-authorised novel foods. The products are non-compliant with the relevant EU food legislation, nevertheless they are often presented to consumers in the EU via the Internet for sale.
