

Brussels,
D(2012) 14.06.2012

Register of substances for which a valid application for authorisation was submitted under Regulation (EC) No 450/2009¹

Version: 1.1
(version 1.1 changes only the list of contacts)

This register is published under Article 8(3) of Regulation (EC) No 450/2009 on active and intelligent materials and articles intended to come into contact with food ('the Regulation').

It contains potential active or intelligent substances for which a valid application for authorisation was submitted under Article 8 of the Regulation. These applications were received by the national contact points before 15 February 2011. Applications are considered as 'valid' when EFSA has accepted the application according to their administrative acceptance procedure (AAP positive).

Please notice:

This register is to inform interested parties of ongoing evaluations in the context of the Regulation:

- The register does not authorise the use of any substances occurring on the register in active or intelligent materials under the provisions of the Regulation; it does not give any guarantee that these substances will receive such authorisation in the future. This register does not constitute the Union list as set out in Article 5 of the Regulation.
- This register contains all substances which have currently been identified as meeting the requirements for a valid application. However following the identification and risk assessment process by EFSA, substances may be added to or removed from the list; FCM substance numbers, CAS numbers and names might be updated.

¹ OJ L 135, 30.5.2009, p. 3.

- This register does not yet contain the substances that are indicated as confidential by the applicant. The register will be updated as soon as the confidentiality is lifted or a decision on the confidentiality is taken.
- The substances on the register have not necessarily been evaluated by EFSA. The evaluation status may change at any time. Some substances may be withdrawn or excluded. For the status of the safety evaluation please check the EFSA website www.efsa.europa.eu.
- EFSA will issue opinions for active or intelligent substances on this register. After receiving all opinions, the Commission will adopt a measure to establish the Union list of authorised substances that may be used in components of active and intelligent materials and articles as set out in Article 5 of the Regulation. After this measure enters into force, this register of valid applications will be deleted.
- Until the date of application of the Union list, the use of the substances in the active or intelligent components is still regulated at national level. Please consult the national authorities in the Member States to verify their legal status.

FCM substance number	CAS Nr.	Substance name
992	0000501-36-0	3,5,4'-trihydroxystilbene
984	0007440-44-0	activated carbon
16	-	alkyl(C8-C22)sulphonic acids
	0010043-67-1	aluminium potassium sulphate
393	0001302-78-9	bentonite
	1223402-34-3	1,4-benzenedicarboxylic acid dimethyl ester, polymer with 1,4-butanediol, cyclized, polymers with glycidyl methacrylate, hydroxyl-terminated polybutadiene, methyl methacrylate and styrene
585	0010043-52-4	calcium chloride
	0007774-34-7	calcium chloride hexahydrate
394	0001305-62-0	calcium hydroxide

FCM substance number	CAS Nr.	Substance name
	-	carnobacterium maltaromaticum
	0009004-34-6	cellulose
	0012251-32-0	chabazite (calcium aluminium silicate)
	0012173-10-3	clinoptilolite
	0007758-16-9	disodium pyrophosphate
	0009003-53-6	high impact polystyrene
	0001333-74-0	hydrogen
559	0009004-64-2	hydroxypropylcellulose
983	0007439-89-6	iron powder
	0007782-63-0	iron sulphate
	-	iron(0) modified bentonite
	-	iron(0) modified kaolinite
	-	iron(II) modified bentonite
753	0092704-41-1	kaolin, calcined
499	0006915-15-7	malic acid
	0016177-21-2	monosodium glutamate
	0007558-80-7	monosodium phosphate
993	0007440-05-3	palladium
982	0003375-31-3	palladium acetate
	0009003-04-7	polyacrylic acid, sodium salt
	0009003-53-6	polystyrene
	0000584-08-7	potassium carbonate
	0000868-14-4	potassium tartrate
109	0000057-55-6	1,2-propanediol

FCM substance number	CAS Nr.	Substance name
504	0007631-86-9	silicon dioxide
981	0016940-66-2	sodium borohydride
	0000497-19-8	sodium carbonate
	0015630-89-4	sodium carbonate peroxyhydrate
542	0009004-32-4	sodium carboxymethylcellulose
985	0007647-14-5	sodium chloride
	0006381-77-7	sodium erythorbate
400	0001310-73-2	sodium hydroxide
	0000137-40-6	sodium propionate
519	0007772-98-7	sodium thiosulphate
514	0007704-34-9	sulphur
615	0014807-96-6	talc
