MEASURES FOR WILD BOAR

Ro NSVFSA in collaboration with the Ministry of Environment, Waters and Forests has applied measures, in accordance with the European Strategy, to reduce viral pressure in the forest environment by:

Increasing incentives amount for **passive surveillance** and active search

```
45 € → 200 € found dead wb/ sampled/ ABP unit
```

45 € → 100 € found dead wb/ sampled/ alternative burial

 $0 \rightarrow \text{Equivalent to 12I of fuel / month / active patrols}$

Granting incentives for active surveillance/hunting

13 € = 13 € sampled hunted wb

0 → 200 € positive hunted wb/ ABP unit

0 → 100 € positive hunted wb/ altenative method

0 → 100 € negative hunted wb/ private consumption

- Pig Law - New Order 07/2024
