CONTROLE MEASURES ON AUJESZKY OUTBREAKS IN 2 DEPARTMENTS IN FRANCE

SCoPAFF
November, 29 2022

2 new independent outbreaks of Aujeszky disease

Department of Oise (60)

- Establishment holding 15 wild boars (animals for hunting)
- Outbreak confirmed by NLR the **18 may 2022**

Department of Var (83)

- Establishment holding 5 free-range pigs (3 breeding pigs and 2 growing pigs)
- Outbreak confirmed by the official laboratory of Ain the **18 march 2022**

2 new independent outbreaks of Aujeszky disease

- Serological suspicions of Aujeszky's disease through annual surveillance
- Clinical signs: none
- Epidemiological surveys (upstream / downstream and in the area of 2 km around the outbreak)
⇒ Both: favorable investigations
- Biosecurity in the outbreaks on farms: possible contacts with wildlife
- **Main hypothesis :**
⇒ Both: infection via wildlife

Measures taken in the outbreaks on farms

- **Ban on swine movements**
- **Stamping out**
 - in the outbreak of Var: finalised since the **6 May 6, 2022**
 - in the outbreak of Oise: finalised since the **18 May 18 2022**
- After the end of the stamping out, before the repopulation : **Cleaning / Disinfection**
 - in the outbreak of Var: finalised;
 - in the outbreak of Oise: finalised

Measures taken at administrative level (Department)

Rules applied regarding suspension of disease-free status:

- Disease-free status at department level has been immediately suspended in accordance with article 82 of the Commission delegated regulation 2020/689
- Restrictions of movements of pigs from the departments towards disease-free areas has been taken in accordance with the Commission delegated regulation 2020/688

=> suspension of the free-status can be lifted if all pigs in the affected holding were slaughtered and results of an epidemiological survey (upstream / downstream and in the area of 2 km around the outbreak) are favorable

Restoration of the disease-free status and end of restrictions of movements :

- Var: 6 may
- Oise: 18 may (no upstream or downstream link with other pig establishments, no establishment keeping pigs in the 2 km radius around the outbreak)
