**(CX/CF 19/13/11)**

*Mixed Competence  
Member States Vote*

The European Union and its Member States (EUMS) welcome the work on the revision of the code of practice for the prevention and reduction of lead contamination in foods by the electronic Working Group chaired by the United States and the United Kingdom.

The EUMS support a revision of the code of practice on the basis of new information, which has become available on lead sources and mitigation measures.
