

Meeting of the sub-group on transport EU electronic database

Sixth meeting, 20 September 2022 10:00-12:30
(Videoconference on Teams)

– AGENDA –

Chair of the meeting: Mr R. & Ms S., Unit 'Animal welfare, antimicrobial resistance', Directorate Crisis Management in Food, Animals and Plants, Directorate-General for Health and Food Safety (DG SANTE)

1. **Welcome and short introduction on the topic**
2. **EU electronic database:**
 - a) Is the current EU electronic database for transport of animals enough?
 - b) What more needs to be done/updated/expanded in line with the latest IT development and progress?
3. **What kind of data needs to be recorded electronically that is not currently recorded?** (e.g. fitness for transport, checks at departure, transit or exit points, real journey times and conditions at arrival etc.)
4. **Does the current journey log template include all the necessary information? How could it be used for future retrospective checks and as possible condition to approve or not the next journey?**
5. **Are there any mobile apps already available at MS level? What purpose do they serve? How do they work?**
6. **Module on THETIS strengthening official controls on livestock vessels:**
 - a) experience of Member States testing the module
 - b) view on its usefulness

7. Dates of next meetings

- > 7 meeting of the subgroup on transport 18 October (final date)
