B.01 Exchange of views and possible opinion of the Committee on a draft Commission Implementing Regulation amending Implementing Regulation (EU) No 540/2011 as regards the extension of the approval periods of several active substances listed in Part B of the Annex to Implementing Regulation (EU) No 686/2012 (AIR IV renewal programme).

The draft regulation on extending the approval periods for the AIR IV renewal program was presented for vote. One Member State voted against as some of the substances in the package might be subject to non-approval once the risk assessment is finalised. One Member State abstained as it did not receive voting instructions on revision 3 of the draft regulation.

Vote taken: Favourable opinion.
