

# French territories in the Americas

- Outermost regions (ORs)  
= part of European Union
  - Saint Martin and Guadeloupe
  - Martinique
  - French Guyana
- Non outermost regions
  - Saint Barthelemy
- NB : connexions exist  
between Hispaniola and  
Suriname

# Suids in FWI and French Guyana

- Pig sector :
  - Limited number of farms
  - Many backyard

TERRITORY	TYPE OF ANIMALS	POPULATION	HOUSEHOLD
Guadeloupe	Only domestic pigs	15 000	34
Martinique	Domestic + limited pop of feral pigs	20 000	60
French Guyana	Domestic pigs*	5000	10

\*Pecaris are not susceptible to ASF

# Prevention measures

- Reinforcement of controls (harbors and airports) for transport from Hispaniola
- Awareness campaigns : pig keepers, travelers, border inspection (posters, videos)
- Increase laboratory capacities : agreement of CIRAD Guadeloupe lab for ASF and CSF diagnosis
- Revision of emergency plans
- Strengthening collaboration with the Caribbean animal health network

NB : For OIE, overseas territories and mainland France are considered as separate territories for notifications.
