- Railway line running from East to the West. Above of railway line - there is a fence built on the border between Zachodniopomorskie and Lubuskie regions. There is also fence built to the West. In the areas where there is no fence – odour repellents are used. They are also used along railway lines.
- Information campaign is also carried out for various group of professionals, but especially for hunters and forest authorities, which includes issues concerning biosecurity during hunting activities. Active search for WB carcasses is constantly ongoing.
- All pig holdings in this area were checked for biosecurity at least once.
