

HIGHLY PATHOGENIC AVIAN INFLUENZA (HPAI)

CHRONOLOGY OF MAIN EVENTS AND LIST OF DECISIONS ADOPTED BY THE EUROPEAN COMMISSION

Response to HPAI outbreaks in EU Member States from 1 October 2023

Situation as of 19/4/2024

**EUROPEAN COMMISSION
DG Health and Food Safety (SANTE)
Unit G2: Animal Health**

This document summarises basic information on the outbreaks of Avian Influenza (AI) in several EU Member States and related EU action. It focuses on the animal health aspects.

For additional information, please refer to the Decisions in the Official Journal, the Commission's [avian influenza webpage](#) and associated [press releases](#). EU legal texts – Commission Decisions (CD) and Regulations (RG) can be accessed via the [EUR-Lex](#) webpages.

For more general animal health information, please refer to the [Commission's webpage](#).

For human health information, please refer to the [Commission's relevant webpage](#) and the website of the [European Centre for Disease Prevention and Control](#).

As regards international organisations please refer to the [AI web pages of the World Animal Health Organisation](#) (WOAH), the [AI web pages of the Food and Agriculture Organisation](#) (FAO) and the [AI web pages of the World Health Organisation](#) (WHO).

Info-notes on AI occurrences in Member States (MS) and information on the Commission's work are sent to EU Member States and many third countries trading with the EU. These documents are referenced, starting each year with Info-note 01.

Date	Member State	Main event	Action by the European Commission, Member States' authorities and stakeholders	Legislative action	EU support
18/4/2024	BG	HPAI H5 in poultry	Info Note 47/2024 with information received from the Hungarian authorities regarding a new outbreak of highly pathogenic avian influenza confirmed in an establishment where approximately 154.000 laying hens were kept, located in the city of Asenovgrad, Plovdiv region.
