

# Future acts

**revamping certain model official certificates and attestations  
for the entry into the Union and intra-Union movement  
of animals, germinal products and goods (mostly products of  
animal origin)**

02 March 2020

# State of play

**253** current official model certificates and attestations for entry into the Union or for intra-EU movement of animals, germinal products and products of animal origin under **38** different legal basis (directives, decisions or regulations)

# Objectives

- to gather model official certificates in a limited number of acts
- to update these model official certificates with the requirements stemming from the Animal Health Law and the Official Controls Regulation
- but to maintain certain models recently revised and/or set out in sectorial regulations in their current regulation (see “out of scope”)
