ASF – information to the public

In accordance with the ASF strategy for Eastern Part of the EU and the draft information obligations of the Member States, the Czech Republic will distribute information on the risk of the transmission of ASF and on the control measures on all international airports, all international communications roads, and related road networks.

Státní
veterinární
správa

 **Pozor!**
Státní veterinární správa a Ministerstvo zemědělství České republiky informují:
Od roku 2014 se v Evropě rozšiřuje vysoce nakažlivý africký mor prasat a ohrožuje milióny domácích i divokých prasat. Tato nemoc, která není pro lidi nebezpečná, se přenáší potravinami. **Odhazujte proto, prosím, zbytky potravin pouze do uzavíratelných nádob na odpadky!**

 **Warning!**
Highly contagious African Swine Fever has been spreading through Europe since 2014 and is now a threat for millions of domestic pigs and wild boar. This disease, which is not dangerous for humans, can be transmitted by food. **Please make sure that all leftover food is put in sealed waste containers!**

 **Achtung!**
Seit 2014 breitet sich die hochansteckende Afrikanische Schweinepest in Europa aus und bedroht Millionen Haus- und Wildschweine. Lebensmittel können diese, für den Menschen ungefähliche, Krankheit übertragen. **Bitte werfen Sie daher Speisereste nur in verschlossene Müllbehälter!**

 **Uwaga!**
Od roku 2014 na terenie Europy rozprzestrzenia się w wysokim stopniu zakaźna choroba – afrykański pomór świń – stanowiąc zagrożenie dla milionów sztuk hodowlanej trzody chlewnej oraz pogłowia dzików. Ta niebędąca zagrożeniem dla człowieka choroba może być przenoszona także przez żywność. **Dlatego prosimy wyrzucić resztki żywności wyłącznie do zamykanych pojemników na śmieci i odpady!**

 **Внимание!**
С 2014 года в Европе распространяется очень заразная африканская чума свиней, представляющая угрозу для миллионов домашних и диких свиней. Это не опасное для человека заболевание может передаваться через продукты питания. **Поэтому просим Вас выбрасывать остатки пищи только в закрытые мусорные контейнеры!**

 **Atenție!**
Din anul 2014 se răspândește în Europa pesta porcină africană extrem de contagioasă care amenință milioane de porci domestici și mistreți. Prin alimente se poate transmite această boală care pentru om nu este periculoasă. **De aceea vă rugăm să aruncați resturile alimentare doar în recipiente de gunoi care pot fi închise!**
