

**European Union comments on
Codex Circular Letter CL 2025/59-FA
Request for information and comments on the priority list of substances
proposed for evaluation by JECFA**

*Mixed Competence
Member States Vote*

Members and Observers were invited to provide comments on substances already included in the priority list of substances proposed for evaluation by JECFA.

The European Union and its Member States (EUMS) are proposing to remove the following substance from the priority list of substances proposed for evaluation by JECFA in part B of annex 3 (row 12) :

Endo-1,4- β -xylanase from *Thermotoga maritima* produced by *B. subtilis*, strain LMG S-27588

The data provider Puratos considers it now irrelevant.
