Summary

- Confirmation of positive WB only
- 1 enlargements proposed from the last Paff committee (Rimavska Sobota/Lučenec – close to HU border)
- Epizootological enquiry done – naturally spread of disease via WB population
- New sampling strategy for WB in pipeline
- new methodological guidelines adopted by State Veterinary and Food Administration – topic: movement od pigs – it corresponds with the EU legislation 2021/605/EC

Thank you for your attention
