Please select at least one action(s) that you would like to use as commitment(s)

6.2 Stimulating sustainable production

Please confirm your adherence to the Code and explain why you are joining the Code

I pledge Adherence to the code and wish to join to be able to promote the sustainable DEI ethical approach to the food Agri sector, through my project implementational process of high value crop cultivational methodology

Please explain how you will put this action into practice

The practice is already being introduced to create a high standard of Bio Certification and value chain productivity through the implementation of Project V

In case you would like to formulate your commitment in your own words, please do so here (optional)

To be a lead in technological, sustainable agribusiness growth, through digitalised, ethical, economic and social transparency

It is also possible to submit commitment(s) not foreseen under the actions above. If you wish to submit commitment(s) based on other action(s), which would also be in line with the Code, then please do so here (optional)

Our commitment is to develop and sustain high value crop cultivation controlled environments, using renewable energy sources and advanced technological processes, to combat the effects of climate change through water and food security methods, with clear parameters around traditional and technological farming integration.

Your pledge will be made publicly available on the EU Code of Conduct webpage. Please indicate that you agree on making this document public.

Yes

Please confirm that you agree on your pledge as it is and to send us your application.

Yes
