Key actions undertaken

2. Joining forces to combat food waste across the food supply chain:

Stakeholders and leaders combine their strengths, network and knowledge to develop innovative solutions.

1. Monitoring progress and impact:

Food Waste Free United measures the effects of its individual and joint approach.

3. Joining forces to combat food waste by consumers:

Food Waste Free United aims to achieve sustainable changes in behaviour through campaigns, interventions and living labs.

4. Changing the rules:

Food Waste Free United promotes the legislation and instruments needed to create a circular economy.

Monitoring progress

Roadmap retail

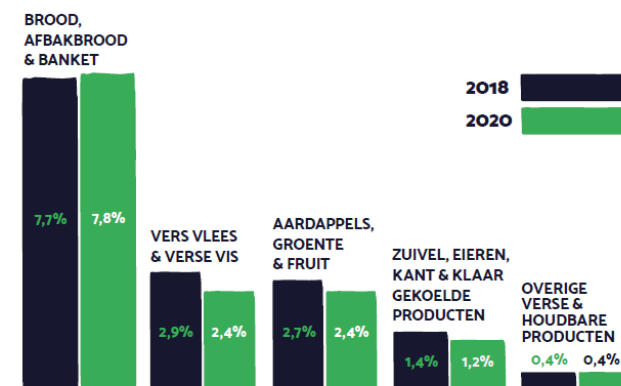

TOTALE VERSPILLING VERDEELD OVER CATEGORIEËN

Deze verdeling in 2020 is praktisch gelijk aan de cijfers uit 2018.

VERSPILLING PER CATEGORIE

Om de impact van de verspilling weer te geven is het belangrijk om te kijken naar het aandeel verspild voedsel ten opzichte van de inkoopvolumes. Vergelijken met de inkoop is het aandeel voedselverspilling per categorie als volgt:

SAMEN TEGEN
VOEDSELVERSPILLING
