

WORKSHOP
POLICY DIALOGUES EU – MERCOSUR - CHILE
ON SUSTAINABLE AGRICULTURE AND FOOD SYSTEMS
16 - 17 MAY 2022

The **Farm to Fork Strategy** is at the heart of the **European Green Deal** aiming to make food systems fair, healthy and environmentally friendly. Its objectives will be reached with the proper involvement of countries across the globe, and the LAC region is a major EU partner concerning agricultural trade.

It is in this context that the European Union (FPI, DG AGRI and DG SANTE, working closely with the EEAS), is launching this initiative to promote a constructive exchange of ideas with the LAC partners and build strategic alliances in support of the global transition towards sustainable agri-food systems.
