**AGENDA**

**Section A Information and/or discussion**

**A.01** Information on import of colostrum products derived from the EU Member States and processed in third countries. (MK)

Third countries which are authorised for the import of raw milk may import colostrum from the EU Member States that are recognised as free of TBC, Brucellosis and EBL and process it into colostrum products intended for the feeding of farmed animals. Third country should ensure that the colostrum derived from the EU Member States should not be mixed with the colostrum that does not comply with the same animal health standards.

**Section B Draft(s) presented for an opinion**

**B.01** Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision on the evolution of animal diseases in Third Countries.

(B.01\_Emergency disease)

**Procedure:** Examination procedure

**B.02** Exchange of views and possible opinion of the Committee on a draft Commission Implementing Decision extending the period of application of Commission Decision 2008/866/EC which introduces emergency measures suspending imports from Peru of certain bivalve molluscs intended for human consumption. (SPM)

The draft Commission Implementing Decision proposes extending its period of application until 30 November 2017. The protective measures need to be extended

until the effectiveness of the corrective measures taken by the Peruvian competent authorities has been demonstrated. To date the Commission cannot conclude that the control system and the monitoring plan currently in place in Peru for certain bivalve molluscs is able to deliver the guarantees required by Union law.
