

# **EXPERT GROUP ON ANIMAL HEALTH REQUIREMENTS FOR INTRA EU MOVEMENTS AND ENTRY INTO EU OF PRODUCTS OF ANIMAL ORIGIN**

**Bruxelles**  
**2 October 2017**

# C.3. MEAT PRODUCTS

## Requirements for the origin of the fresh meat used in meat products subjected to a **non-specific treatment**

### Decision 2007/777

*The fresh meat must be eligible for entry into the Union as fresh meat*

*or*

*The fresh meat must originate in a MS*

*Not addressed:*

- a) no specification as regards fresh meat subjected to specific conditions (as e.g. deboning, maturation, pH measurement, supplementary health guarantees)*
- b) the TC of origin*
- c) Triangulation*

### New DA entry

***Basic:** the fresh meat must be eligible for entry into the Union as fresh meat **without being subjected to specific conditions***

*The fresh meat must **originate** from either:*

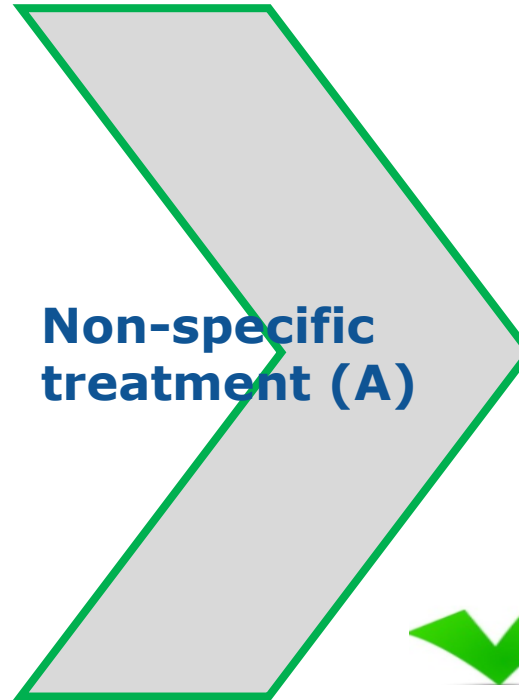

- a) the same TC as where it is processed, or*
- b) another TC, authorised for entry of fresh meat with a non-specific treatment, or*
- c) from a MS*

## Origin of the fresh meat used in meat products subjected to a **non-specific treatment (A)**

Origin of the fresh meat

Treatment applied in the processing  
Third Country

## Requirements for the origin of the fresh meat used in meat products subjected to a **specific treatment**

### Decision 2007/777

*The fresh meat must:*

- meet requirements in Dir 2002/99,
- come from animals and holdings not under restriction (10 km).

*Triangulation is not addressed*

*No clear specification of the severity of the specific treatment, related to the origin of the fresh meat*

### New DA entry

*Basic: fresh meat not complying with requirements for a non-specific treatment (eligible for entry into the Union as fresh meat without being subjected to specific conditions), must be subjected to a specific treatment.*

*Triangulation (fresh meat origin in another country (TC or MS) than where it is processed):*

- Fresh meat from a MS: the specific treatment assigned to the processing TC*
- Fresh meat from a TC listed with a non-specific treatment: the specific treatment assigned to the processing TC*
- Fresh meat from a TC listed with a specific treatment: treatment B*
