

HIGHLY PATHOGENIC AVIAN INFLUENZA (HPAI)

CHRONOLOGY OF MAIN EVENTS AND LIST OF DECISIONS ADOPTED BY THE EUROPEAN COMMISSION

Response to HPAI outbreaks in EU Member States from October 2021 until February 2022

Situation as of 25/2/2022

**EUROPEAN COMMISSION
DG Health and Food Safety (SANTE)
Unit G2: Animal Health**

This document summarises basic information on the outbreaks of Avian Influenza (AI) in several EU Member States and related EU action. It focuses on the animal health aspects.

For additional information, please refer to the Decisions in the Official Journal, the Commission's [avian influenza webpage](#) and associated [press releases](#). EU legal texts – Commission Decisions (CD) and Regulations (RG) can be accessed via the [EUR-Lex](#) webpages.

For more general animal health information, please refer to the [Commission's webpage](#).

For human health information, please refer to the [Commission's relevant webpage](#) and the website of the [European Centre for Disease Prevention and Control](#).

As regards international organisations please refer to the [AI web pages of the World Animal Health Organisation](#) (OIE), the [AI web pages of the Food and Agriculture Organisation](#) (FAO) and the [AI web pages of the World Health Organisation](#) (WHO).

Info-notes on AI occurrences in Member States (MS) and information on the Commission's work are sent to EU Member States and many third countries trading with the EU. These documents are referenced, starting each year with Info-note 01. Please note that information on LPAI outbreaks in Member States is not included in this chronology.

Date	Member State	Main event	Action by the European Commission, Member States' authorities and stakeholders	Legislative action	EU support
25/2/2022	ES	HPAI H5N1	Info Note 49 with information received from the Spanish authorities regarding confirmation two new outbreaks of HPAI of subtype H5N1 in poultry, in two turkey farms located in the municipalities of Pedrera and Aguadulce (Sevilla), within the restricted zone established for previous outbreaks.		
24/2/2022	PT	HPAI H5N1	Info Note 48 with information received from the Portuguese authorities regarding confirmation of a new outbreak of HPAI of subtype H5N1 in poultry, in a commercial establishment with breeding ducks, located in A-dos-Cunhados e Maceira, Torres Vedras, Lisbon District, in the vicinity of a previous outbreak confirmed in that area and belonging to the same operator.
